

# Great American International

2018

WINE

Competition

# **A World Class Competition**

## **April 28-29, 2018 in Rochester, NY**

The Great American International Wine Competition will provide you with a world-class assessment and added exposure to your wines. We provide results directly after the competition. All winning entries will receive an elegant medal for display in your winery, as well as recognition on our competition website and social media around the world. Finished press releases to send to your local media, including social media material and customizable promotional artwork for shelf tags and bottle tags.

**Our goal is to increase the awareness of your winery and help you sell more wine!**

## **The World's Best Judges**

To make a great wine you bring all of your artistry, dedication, science, and passion to the table. We have assembled the greatest group of international judges in North America to the other side of that table. Our judges include the most influential people in the wine industry, including Masters of Wine, Master Sommeliers, sommeliers, educators, enologists, winemakers, retailers, importers and wine industry writers and consultants.

All wines are blind judged. Each wine is given a code number, poured in Riedel crystal stemware and immediately taken to the jury room for evaluation.

Visit [gramiwc.com/judges](http://gramiwc.com/judges) for a full listing of all our judges

***“Nothing more excellent or valuable than wine was granted by the gods to man” - Plato***

Proceeds from this event will benefit InterVol, a nonprofit dedicated to connecting the world's neediest to materials, people, and opportunities. By recovering and redistributing medical supplies and equipment, and through the provision of volunteer opportunities for medical professionals and aspiring educators, InterVol is able to further its mission to engage health-focused humanitarian efforts worldwide. Each year, the world is touched by InterVol's mission, though the hearts and hands of its volunteers.
